GROUP OF COMPANIES

ABOUT THE GROUP

AFCO Enterprises(R) — Pakistan's Multi-Sector Powerhouse

Who We Are

AFCO Enterprises Group of Companies is one of Pakistan's most diversified conglomerates, headquartered in Lahore. Established in 2003, the Group has grown from a single trading enterprise into a multi-division powerhouse across twenty-two key sectors.

We operate across Oil & Gas, Power, Construction, IT, Defence, Solar, Trading, Import/Export, Tissue, Steel, FRP Solutions, AI & Robotics, Securities, Hospital, Aviation, Safe City & AI, Real Estate, Mechanical Works/IECS, Mines & Minerals, Digital Signage and Chemical Products — serving government, military and private clients nationwide.

With strategic JV partnerships across 9 nations — China, Turkey, Singapore, Saudi Arabia, Tanzania, Sweden, Poland and Bahrain — AFCO brings world-class global technology to Pakistan.

MISSION

To deliver excellence across all sectors through innovative EPC contracting, strategic procurement and reliable services — driving Pakistan's economic growth.

VISION

To become Pakistan's most trusted and diversified group by 2030 — a benchmark for quality, compliance and innovation across all twenty-two operating sectors.

EPC EXPERTISE

Full turnkey delivery from design to commissioning

22 DIVISIONS

22 active divisions — govt & private clients

9-NATION JVs

China, Turkey, Singapore, KSA, Tanzania, Sweden, Poland & Bahrain

COMPLIANT

JV PARTNERSHIPS

Global Strategic Alliances — 9 Partner Nations

AFCO Enterprises has formalised Joint Venture agreements with leading manufacturers and technology firms across 9 nations — enabling technology transfer, co-production and direct OEM supply to Pakistan.

CHINA | TURKEY

- Defence & tactical manufacturing partnerships
- UAV / drone platform supply & avionics systems
- Surveillance, CCTV & monitoring technology
- EV defence transport & logistics vehicles
- Secure tactical communication networks
- Solar panel & energy equipment supply
- Construction machinery & equipment
- Tissue manufacturing machinery & technology

SINGAPORE | SAUDI ARABIA

- Aerospace, defence & integrated security systems
- Weapons, armour & protective equipment supply
- Advanced sensors & electro-optics technology
- Oil & gas EPC technology & equipment supply
- Power generation & energy infrastructure
- Islamic finance & project funding partnerships
- Construction materials & civil engineering
- Logistics, port & trade facilitation services

SWEDEN | POLAND | BAHRAIN | TANZANIA

- European defence & precision engineering JVs
- Telecoms & IT infrastructure technology
- Heavy industry & mechanical engineering supply
- Financial & banking sector partnerships
- Natural resources & mining supply chain
- East African trade & distribution network
- Clean energy & renewable technology supply
- Gulf region procurement & logistics services

PRESIDENT'S MESSAGE

AFCO Enterprises(R) Group of Companies — Leadership Vision

Fahad Khalid Paracha

President & CEO
AFCO Enterprises(R)
Est. 2003

Bismillah Ir-Rahman Ir-Raheem

On behalf of the entire AFCO Enterprises family, I welcome you to our Group Company Profile. Since our establishment in 2003, AFCO has been driven by one purpose — to build a world-class Pakistani enterprise delivering excellence across every sector we operate in.

Over two decades, we have grown from a modest trading company into a diversified conglomerate with seventeen active divisions: Oil & Gas, Power, Construction, IT, Defence, Solar, Trading, Import/Export, Tissue, Steel, FRP Solutions, AI & Robotics, Securities, Hospital, Aviation, Safe City & AI Security and Real Estate.

Our Joint Ventures with partners in China, Turkey, Singapore, Saudi Arabia, Tanzania, Sweden, Poland and Bahrain bring cutting-edge global technology to Pakistan — empowering our industries, armed forces and communities.

We remain committed to Pakistan's growth — creating jobs, building infrastructure, strengthening national defence and advancing clean energy. AFCO's journey is Pakistan's journey. We are proud to serve our great nation.

Fahad Khalid Paracha

President & Chief Executive Officer

AFCO Enterprises(R) Group of Companies, Lahore

OUR VISION

To become Pakistan's most trusted, innovative and diversified Group of Companies by 2030 — a benchmark of excellence in EPC contracting, technology supply and manufacturing, contributing meaningfully to Pakistan's economic sovereignty and national development.

AFCO ENTERPRISES®

GROUP OF COMPANIES

OIL & GAS DIVISION

EPC Contracting & Field Services for Upstream, Midstream & Downstream

AFCO delivers comprehensive EPC services to Pakistan's oil & gas sector — from exploration support and pipeline construction to refinery maintenance and HSE-compliant field operations.

EPC CONTRACTING

- Pipeline design, fabrication & installation
- Oil & gas processing plant construction
- Storage tank & terminal construction
- Compressor & pump station erection
- Pre-commissioning & commissioning

DRILLING SUPPORT

- Drilling rig mobilisation & logistics
- Wellhead equipment supply & installation
- Mud logging & wireline services
- Casing, tubing & completion supply
- HSE & permit-to-work management

MECHANICAL SERVICES

- Rotating equipment maintenance & repair
- Heat exchanger overhaul & inspection
- Piping fabrication & stress analysis
- NDT, radiography & inspection services
- Shutdown & turnaround management

PROCUREMENT & SUPPLY

- Valves, fittings & instrumentation supply
- API-certified pipe & tube procurement
- Chemicals & production additives
- Safety & PPE equipment sourcing
- Vendor qualification & management

AFCO ENTERPRISES®

GROUP OF COMPANIES

POWER DIVISION

Power Generation, Transmission & Energy Infrastructure EPC

AFCO Power Division delivers full-cycle EPC services for thermal, hydro, gas and renewable power projects — supporting NEPRA-regulated clients and private IPPs.

POWER PLANT EPC

- Thermal & combined cycle power plants
- Gas turbine installation & commissioning
- Diesel & HFO generator plant projects
- Boiler, turbine & auxiliaries erection
- Balance of plant (BoP) construction

TRANSMISSION & GRID

- High-voltage transmission line construction
- Grid station & substation EPC
- Transformer installation & testing
- SCADA & protection system integration
- Cable laying & jointing services

RENEWABLE ENERGY

- Solar PV farm design & EPC
- Wind energy project construction
- Hydro micro & mini power plants
- Battery energy storage systems (BESS)
- Hybrid renewable system integration

O&M SERVICES

- Planned preventive maintenance programs
- Corrective maintenance & breakdown support
- Performance optimisation & efficiency audits
- Spare parts inventory management
- Annual maintenance contracts (AMC)

AFCO ENTERPRISES®

GROUP OF COMPANIES

CONSTRUCTION DIVISION

Civil, Structural & Mechanical EPC Projects Across Pakistan

AFCO Construction Division executes turnkey civil and mechanical projects for industrial, commercial, residential and infrastructure clients — to international QA/QC standards across all provinces of Pakistan.

REGISTERED JV PARTNERS

1. AFCO JV Techno Time Construction Pvt Ltd

CA-PEC (No Limit)

2. Uniques Afco Pvt Ltd

C-1 PEC | Up to 4 Billion PKR

CIVIL WORKS

- Industrial plant & facility construction
- Commercial & residential buildings
- Roads, bridges & infrastructure works
- Foundation, piling & earthworks
- Concrete structures & RCC frames

MECHANICAL EPC

- Structural steel fabrication & erection
- Mechanical equipment installation
- Pressure vessel & skid fabrication
- Pipe rack & module construction
- Heavy lift & equipment setting

PROJECT MANAGEMENT

- Turnkey EPC project management
- Design, engineering & BOQ preparation
- Quality assurance & QC management
- HSE management & compliance
- Schedule, cost & risk management

SPECIALISED SERVICES

- Fireproofing & painting works
- Refractory & insulation installation
- Scaffolding & access solutions
- NDT, inspection & testing services
- As-built documentation & handover

IT SOLUTIONS DIVISION

Digital Transformation, Software & Technology Services

AFCO IT Solutions delivers cutting-edge technology services to government, defence and private sector clients — from enterprise software and networks to cybersecurity and digital transformation.

SOFTWARE DEVELOPMENT

- Enterprise resource planning (ERP)
- Custom web & mobile applications
- Database design & management
- API integration & middleware
- DevOps, testing & deployment

NETWORK & INFRA

- LAN/WAN design & implementation
- Data centre setup & management
- Cloud migration & hosting
- CCTV & physical security networks
- Structured cabling & fibre optics

CYBERSECURITY

- Network penetration testing
- SOC setup & managed security
- Firewall & endpoint protection
- Compliance & ISO 27001 advisory
- Incident response & recovery

DIGITAL SERVICES

- Digital transformation consultancy
- GIS mapping & spatial analytics
- IoT solutions & sensor networks
- AI & data analytics platforms
- IT asset management & support

GROUP OF COMPANIES

DEFENCE & TACTICAL

Procurement, Tactical Drones & Supplies — Govt & Private Sector

AFCO Tactical & Defence Solutions is a DGDP-registered procurement and supply partner — backed by strategic international JV alliances for defence supplies, tactical drones & procurement.

JV ALLIANCES

- Strategic partnerships with Chinese defence manufacturers
- Joint ventures with Turkish tactical & UAV producers
- Alliance with Singapore aerospace & defence firms
- Technology transfer & co-production agreements
- OEM-grade supply with full manufacturer warranty

TACTICAL SUPPLIES

- Small arms, ammunition & ordnance procurement
- Ballistic protection & body armour systems
- Tactical & armoured vehicle procurement
- Surveillance & encrypted communication systems
- Personal protective equipment (PPE) supply

DRONE & UAV SYSTEMS

- Mini/micro reconnaissance & surveillance UAVs
- Tactical border patrol drone platforms
- Heavy-lift cargo & logistics drone systems
- Counter-drone detection & neutralisation
- Pilot certification & maintenance support

PROCUREMENT SERVICES

- DGDP-compliant end-to-end procurement
- Global vendor sourcing & pre-qualification
- Secure logistics, import & customs clearance
- Annual maintenance & after-sales contracts
- Spare parts supply & warranty management

SOLAR POWER DIVISION

Renewable Energy EPC — Residential, Commercial & Industrial Solar

AFCO Solar Power Division has delivered over 500 MW of solar installations across Pakistan — from 1 kW residential systems to multi-MW industrial solar farms — with full EPC and O&M support.

RESIDENTIAL SOLAR

- 1 kW–50 kW rooftop system design
- Monocrystalline & bifacial panels
- Net-metering registration & support
- Smart monitoring & app control
- Up to 70% electricity bill reduction

COMMERCIAL SOLAR

- 50 kW–500 kW commercial systems
- Shopping malls, offices & hospitals
- Hybrid grid-tied & off-grid designs
- Battery storage & backup systems
- ROI analysis & financial modelling

INDUSTRIAL SOLAR FARMS

- 500 kW to multi-MW utility projects
- Textile mills & manufacturing plants
- Agriculture solar irrigation systems
- Captive power for industrial estates
- Feasibility studies & DFR reports

EPC & O&M SERVICES

- Full turnkey EPC delivery
- PCRET & NEPRA compliance
- Preventive maintenance contracts
- Performance monitoring & reporting
- Spare parts & warranty management

TRADING & IMPORT/EXPORT

Commodities, Industrial Goods & International Trade Services

AFCO Trading and Import/Export Division leverages the Group's global JV network to source, import and distribute industrial, defence, energy and consumer goods across Pakistan.

COMMODITIES TRADING

- Steel, cement & building materials
- Industrial chemicals & lubricants
- Electrical & mechanical equipment
- Safety, PPE & industrial supplies
- Agricultural commodities & inputs

DEFENCE GOODS IMPORT

- Tactical equipment & defence supplies
- Drone & UAV platforms & components
- Communication & surveillance gear
- Armoured vehicle spare parts
- DGDG-cleared import documentation

ENERGY SECTOR GOODS

- Solar panels, inverters & batteries
- Oil & gas pipeline materials
- Power cables & electrical equipment
- Generator sets & transformers
- Renewable energy components

IMPORT/EXPORT SERVICES

- L/C & trade finance management
- Customs clearance & freight forwarding
- Warehousing & distribution services
- Country of origin & compliance docs
- International vendor management

TISSUE MANUFACTURING

Hygiene & Tissue Products Manufacturing — Made in Pakistan

AFCO Tissue Manufacturing Division produces high-quality facial tissue, kitchen towels, toilet rolls and industrial tissue products — catering to retail, institutional and industrial clients.

PRODUCT RANGE

- Facial tissue — box & pocket packs
- Toilet rolls — single & multi-ply
- Kitchen paper towels & napkins
- Industrial tissue & wiper rolls
- Customised private-label packaging

MANUFACTURING

- State-of-the-art tissue converting plant
- Jumbo roll processing & slitting
- Automated packaging & embossing
- 100% virgin pulp & recycled grades
- Strict QC & hygiene standards

MARKET SEGMENTS

- Retail supermarkets & chains
- Hotels, hospitals & institutions
- Restaurants & food service industry
- Corporate offices & facilities
- Industrial & workshop applications

SUPPLY CHAIN

- Nationwide distribution network
- Private label & contract manufacturing
- Export-ready packaging available
- Bulk & pallet supply capability
- Just-in-time delivery service

AFCO STEEL DIVISION

Steel Billet Production & Construction Rebar Manufacturing — Pakistan

AFCO Steel Division is an integrated steel manufacturer producing high-grade steel billets and construction rebars (TMT bars) for Pakistan's booming construction and infrastructure sector.

STEEL BILLET PRODUCTION

- Electric Arc Furnace (EAF) & induction melting
- High-grade mild steel & alloy billet casting
- Continuous casting machine (CCM) technology
- Grade: MS, SS, High Carbon & Alloy Steel
- Capacity: customised production volumes

CONSTRUCTION REBARS (TMT)

- TMT (Thermo-Mechanically Treated) rebar production
- Grade 40, 60 & 75 high-strength deformed bars
- Sizes: 8mm to 40mm diameter range
- BS, ASTM & Pakistan Standards (PS) certified
- Supply to civil, infra & housing projects

QUALITY & TESTING

- On-site metallurgical laboratory testing
- Tensile, yield & elongation strength testing
- Chemical composition spectrometry analysis
- Third-party inspection & certification
- ISO 9001 quality management system

SUPPLY & DISTRIBUTION

- Nationwide dealer & distributor network
- Direct supply to construction companies & govt
- Export-ready packaging & documentation
- Bulk order fulfilment & JIT delivery
- Competitive pricing with long-term contracts

AFCO FRP SOLUTIONS

Fibreglass Reinforced Plastic Products & Services — All Pakistan

AFCO FRP Solutions is a manufacturer of Fibreglass Reinforced Plastic products operating across all Pakistan — producing FRP pipes, profiles, safety ladders, sheds, car parking sheds, MS tank coating, concrete lining, FRP joints, MS sheet fibreglass coating, FRP doors and a wide range of custom FRP composites.

We provide the highest quality FRP products and services at the best competitive prices in today's market. FRP Grating is a strong, lightweight composite material used as an alternative to steel for walkways, platforms, trench covers and industrial flooring.

FRP PIPES | FRP TANKS | FRP GRATINGS | FRP LADDERS | FRP SHEDS | FRP DOORS | FRP PROFILES | MS COATING | CONCRETE LINING | COMPOSITES

FRP PIPES & FITTINGS

- FRP pressure pipes — oil, gas & water supply
- Elbows, flanges, tees & reducer fittings
- Chemical & corrosion resistant pipe systems
- Sizes: 25mm to 3000mm diameter range
- ASTM, BS & ISO certified pipe standards

FRP TANKS & VESSELS

- Underground & above-ground FRP storage tanks
- Chemical process & reaction vessels
- Water treatment & desalination tanks
- Septic & effluent treatment systems
- MS tank coating with FRP lining

FRP STRUCTURAL PRODUCTS

- FRP gratings, walkways & platform covers
- FRP safety ladders — anti-slip certified
- FRP sheds, carports & car parking sheds
- Structural profiles: I-beams, channels, angles
- FRP doors & architectural composites

FRP SPECIAL APPLICATIONS

- FRP concrete lining & joint protection
- MS sheet fibreglass surface coating
- FRP cable trays, handrails & staircases
- Cooling tower fills & drift eliminators
- Custom FRP composites — all Pakistan

HOSPITAL MANAGEMENT

Hospital Construction, Setup & Healthcare Management Solutions

AFCO Hospital Management & Construction Division delivers end-to-end healthcare infrastructure solutions — from greenfield hospital design and construction to full operational management and medical equipment procurement.

HOSPITAL CONSTRUCTION

- Greenfield hospital design & EPC
- Multi-storey medical complex construction
- OPD, ICU, OT & ward block construction
- Medical gas pipeline & clean room works
- Compliance with WHO & JCI building standards

MEDICAL EQUIPMENT

- Diagnostic imaging & radiology equipment
- ICU, OT & critical care equipment supply
- Laboratory & pathology equipment setup
- Medical furniture & sterilisation systems
- Biomedical engineering & maintenance

FACILITY MANAGEMENT

- Complete hospital operational management
- Medical & non-medical staffing solutions
- Hospital information system (HIS) setup
- Pharmacy, housekeeping & laundry services
- Infection control & waste management

HEALTHCARE ADVISORY

- Feasibility studies & health sector advisory
- JCI & ISO 9001 accreditation support
- Telemedicine & digital health integration
- Public-private partnership (PPP) advisory
- Government hospital upgrading projects

AVIATION DIVISION

Aviation Services, Ground Handling & Aerospace Solutions — Pakistan

AFCO Aviation Division provides comprehensive aviation support services, aircraft ground handling, aviation infrastructure development and aerospace procurement — serving commercial airlines, charter operators and defence aviation.

GROUND HANDLING

- Passenger & ramp ground handling services
- Baggage handling & aircraft marshalling
- Aircraft refuelling & turnaround support
- Ground support equipment (GSE) supply
- Airline catering & cargo handling services

AVIATION INFRASTRUCTURE

- Airport terminal design & construction
- Hangar & MRO facility construction
- Air traffic control building & towers
- Runway, taxiway & apron construction
- Aviation navigation aids & lighting systems

AEROSPACE PROCUREMENT

- Aircraft spare parts sourcing & supply
- Avionics & navigation equipment supply
- MRO tools, GSE & consumables procurement
- Aviation fuel & lubricants supply chain
- JV procurement from global aerospace OEMs

CHARTER & LOGISTICS

- Private & executive charter management
- Air cargo & freight logistics solutions
- Helicopter services & aerial survey ops
- Drone logistics & UAV delivery services
- Aviation training & simulator solutions

AFCO MECHANICAL WORKS & WORKSHOPS

IECS — Industrial Engineering & Const **ASME CERTIFIED** **ASTM STANDARDS** **QUALIFIED PROFESSIONALS** **OGRA COMPLIANT**

Manufacturer · Installer · Fabricator · EPC Contractor · Steel Specialist

IECS

AFCO Mechanical Works & Workshops Division — IECS — is a premier manufacturer, installer and fabricator operating to ASME & ASTM international standards. Led by qualified professionals, IECS delivers end-to-end EPC solutions for LPG infrastructure, pressure vessels, heat exchangers and industrial storage systems across Pakistan and internationally.

CAPABILITIES:

LPG TANKS

LPG BOWSERS

STORAGE VESSELS

HEAT EXCHANGERS

STEEL FABRICATION

TOWERS & BRIDGES

LPG FILLING STATIONS

LPG STORAGE TANKS

- Design, manufacture & install LPG tanks
- All capacities — small to mega-scale
- ASME Sec VIII Div 1 & Div 2 certified
- Underground & above-ground variants
- Pressure testing & safety valve fitting
- Commissioned by qualified engineers

LPG BOWSERS & TRANSPORT

- LPG road bowser fabrication & mounting
- Approved DOT & ASME pressure rated
- Full chassis mounting & installation
- Metering, valve & safety systems
- All capacities — 2T to 20T+
- OGRA compliant & registered

LPG FILLING STATIONS

- Complete LPG filling station installation
- Dispenser, compressor & pump setup
- Underground & above-ground tank EPC
- Civil, mechanical & electrical works
- Safety & fire suppression systems
- OGRA licensing & compliance support

INDUSTRIAL STORAGE VESSELS

- Chemical, oil & milk storage tanks
- Stainless, carbon & alloy steel vessels
- Pressure vessels — all ratings
- Soil treatment & containment tanks
- Tube banks & shell-and-tube designs
- ASTM material certified supply

HEAT EXCHANGERS

- Shell & tube heat exchanger fabrication
- Plate & frame heat exchanger supply
- Stainless steel & titanium grades
- High-pressure & high-temp service
- TEMA & ASME HEI standards
- Custom sizes & process specifications

STEEL FABRICATION & EPC

- Structural steel towers, masts & bridges
- Walkways, platforms & handrail systems
- Pipeline & piping spool fabrication
- Station & substation steel structures
- Industrial buildings & frameworks
- NDT, radiography & PWHT services

MINES & MINERALS DIVISION

JV: TÜRKIYE

JV: CHINA

MINE OWNER

CONCESSIONAIRE

Mining, Extraction, Processing & Minerals Trade — Pakistan & International

EPC Mining Contractor · Minerals Trader · Mine Owner & Concessionaire · JV Partners: Türkiye & China

AFCO MINES & MINERALS — Natural Resources Division

AFCO Mines & Minerals Division is a major player in Pakistan's natural resource sector — holding direct access to several mines and mineral concessions across Pakistan, including copper and gold concessions. Backed by strategic JV partnerships with leading mining companies from Türkiye and China, the division brings world-class exploration, extraction and ore-processing technology to Pakistan's vast untapped mineral wealth — operating as mine owner, concessionaire and EPC contractor.

COPPER CONCESSIONS

GOLD CONCESSIONS

JV PARTNER NATIONS:

TÜRKIYE

CHINA

PAKISTAN

Direct mine access & ownership across Pakistan

MINE OWNERSHIP & ACCESS

- Direct ownership of mineral mines in Pakistan
- Multiple active mining concessions held
- Copper ore mine access — active operations
- Gold concession areas — exploration active
- Coal, marble & granite mine partnerships
- Licensed under Pakistan Mineral Rules

COPPER & GOLD CONCESSIONS

- Copper concessions — multiple locations, Pakistan
- Gold exploration licences — Balochistan & KPK
- JV exploration with Turkish mining partners
- Chinese technology for ore processing & refining
- Geological surveys & feasibility completed
- Ready for full-scale extraction operations

JV: TÜRKIYE PARTNERSHIP

- Strategic JV with leading Turkish mining firms
- Advanced tunnelling & underground mine technology
- Turkish drilling equipment & machinery supply
- Mine safety & ventilation systems expertise
- Blasting, extraction & ore haulage systems
- Technology transfer & training programmes

JV: CHINA PARTNERSHIP

- JV with experienced Chinese mining companies
- State-of-the-art ore crushing & processing plants
- Copper smelting & refining technology
- Gold extraction & leaching systems
- Heavy mining machinery supply & operation
- Export-grade mineral processing standards

MINERALS TRADING

- Copper ore, concentrate & refined copper
- Gold bullion, ore & alluvial gold trading
- Coal, chromite & iron ore trading
- Marble, granite & decorative stone export
- Industrial minerals — barite, limestone, silica
- International minerals export documentation

EPC & MINING SERVICES

- Complete mine development EPC contracts
- Drilling, blasting & open-cast operations
- Underground mine development & shoring
- Ore beneficiation & processing plant EPC
- Environmental management & land reclamation
- Mine closure & rehabilitation services

MINERALS: Copper | Gold | Coal | Chromite | Iron Ore | Marble | Granite | Barite | Limestone | Silica

OPERATIONS: Mine Ownership | Concessions | Exploration | Extraction | Processing | Trading | Export

WHY CHOOSE AFCO

Our Competitive Advantage Across All Sectors

1 17-SECTOR EXPERTISE

One group — seventeen divisions covering Oil & Gas, Power, Construction, IT, Defence, Solar, Trading, Steel, FRP Solutions, AI & Robotics, Securities, Hospital, Aviation, Safe City, Real Estate and more.

2 9-NATION JV NETWORK

Direct JV partnerships across China, Turkey, Singapore, Saudi Arabia, Tanzania, Sweden, Poland and Bahrain — ensuring OEM-grade products, technology and competitive pricing.

3 FULL EPC CAPABILITY

From feasibility and engineering through procurement, construction, commissioning to O&M — AFCO delivers complete turnkey projects with no sub-contracting gaps.

4 REGULATORY COMPLIANCE

Registered with OGRA, NEPRA, PCRET, DGDP, SECP, CAA, NTC, PEC and all relevant Pakistani regulatory authorities across all seventeen operating sectors.

5 PROVEN TRACK RECORD

500+ successful project deliveries since 2003 — spanning government, military, multinational and private sector clients across all four provinces of Pakistan.

6 LOCAL STRENGTH

Headquartered in DHA Lahore with nationwide presence — rapid deployment, warehousing, after-sales support and 100+ engineers and specialists.
